

EPITOME OF EPILEPSY

About Epitome of Epilepsy

Epitome of Epilepsy is a non-profit organization that was founded in 2020. The mission of the organization is to serve those affected by epilepsy in the African American communities in South Carolina through education, inspiration, and advocacy. We've had successful events and activities that include monthly support group meetings, First Aid Seizure Training, Jewels of Epilepsy Walks and monthly newsletters.

Our signature event to raise awareness is the **Jewels of Epilepsy Gala** on November 9th (6-10pm) at Crowne Plaza Charleston Airport Convention Center. The event will honor outstanding individuals for their work in the epilepsy community. The 3rd annual Jewels of Epilepsy Gala will create an opportunity for everyone attending. With 200 guests last year, the attendance keeps growing year after year.

This year Epitome of Epilepsy has the privilege to honor Jenae Wilson who is a wife, mother and business owner. Diagnosed with epilepsy in 2011, her world was thrown upside down after the diagnosis. Today, she is thriving and spreading epilepsy awareness in her own way. Jenae started her self-care journey once she was diagnosed. She has a passion to restore her health for the better and inspire others.

About Jewels of Epilepsy Gala

The Epitome of Epilepsy Jewels of Epilepsy Gala has successfully put a spotlight on those Jewels living with epilepsy to display that they are living vibrant lives with an invisible chronic illness. Epilepsy in the African American community is not talked about enough, which is the purpose of this event, allowing people of color to have a voice and feel seen.

The impact we've had is bringing those living with epilepsy to meet each other and create a bond. Some of our sponsors in the past have included Takeda, UCB, SK LifeScience, Black Oak Insurance, FetterHealth, and Cumulus Radio.

As the founder of Epitome of Epilepsy I have lived with epilepsy for more than 30 years while overcoming many obstacles in my life. I am dedicated to bringing awareness and inspiration to further support the African American epilepsy community.

We would like to discuss your potential participation at a time that would be convenient for you. Thank you for your time and consideration. Please let me know if you have any questions.
